March 20, 2020

The current Media Blitz has many people on edge and wondering what the next step will be for their lives and the lives of their family members/loved ones at MSJ.

Please know, our thoughts and prayers go out to everyone affected globally and locally amid the spread of COVID-19.

Following along with the Public Health Orders, MSJ will be following the Chief Medical Health Officer's measures and will be restricting visitors to MSJ to essential visitors only, meaning immediate family visiting for compassionate reasons.

This also means there will be no volunteer opportunities, events or group programming planned for the foreseeable future.

Please continue to keep an eye out for media releases from the Saskatchewan Health Authority on how to best take care of yourself and your families.
